About Little Green Pharma

Little Green Pharma Ltd (ASX:LGP) is a leading global medicinal cannabis company, formed through the merger of Little Green Pharma and Cannatrek to create the LGP Cannatrek Group - one of the largest pure-play medicinal cannabis companies globally, with vertically integrated operations spanning cultivation, GMP-certified manufacturing, distribution, clinics and digital health across Europe and Australia.

The Group has a diverse and growing portfolio of cannabis-based medicines with products distributed across Australia and over eleven export markets via a network of wholesalers, pharmacies, clinics and GPs.

The Group operates major production facilities in Denmark and Australia, including the largest medicinal cannabis production facility in Europe, and ranks among the leading suppliers in Australia, Germany and France, positioning it as a key player in global medicinal cannabis markets.

Following completion of the merger on 1 June 2026, Cannatrek's strong balance sheet and cash-generative Australian operations are expected to provide a platform to scale the Group's Denmark facility and accelerate its expansion into European growth markets, while leveraging vertical integration and scale to sustain and improve margins across the combined business.
